Create your sectional:
- Right Arm Facing Loveseat
- Left Arm Facing Loveseat
- Right Arm Facing Corner Sofa
- Left Arm Facing Corner Sofa
- Armless Chair
- Armless Loveseat
- Corner
- Bumper Ottoman

CONSTRUCTION DETAILS

We understand that you want to feel confident in your decision to purchase stylish, long-lasting furniture. Look below to explore how our furniture is made, why it’s different, and why it’s worth it. You’ll find that it’s not just what’s on the outside that makes our furniture exceptional.

Sturdier Frame
For maximum strength and lasting durability, Broyhill uses interlocking wood frames instead of nailed plywood. All frames are made from environmentally friendly FSC-certified lumber.*

No-Sag Springs
Sinuous springs provide even, quiet support for deep seating comfort. For extra durability, Broyhill uses 6.5 gauge, 60% recycled steel* connected to solid hardwood rails.

Duracoil™ Cushion Technology
For comfortable, eco-friendly seat cushions that last, Broyhill uses Duracoil™ technology. Like a pillowtop mattress, it’s a system of individually wrapped coils sandwiched between two thick layers of soy-based foam. Duracoil™ cushions outperform most foam cushions in standardized industry tests.

Comfortable Back Cushions
For long lasting comfort and shape retention, Broyhill’s back cushions have multiple compartments to keep fiber evenly distributed and secure in place.

Detailed Fit and Tailing
For clean lines that last, Broyhill hand tailors upholstery to keep the fabric around cushion corners smooth.

* Broyhill’s demonstrated commitment to sustainability.

You tell us how to make it yours. Like a particular base and a certain cushion style? Love the back but would prefer a different arm? The Your Choice program lets you design your own upholstery and leave the building to us. Visit your local Broyhill retailer to start designing today!
At Broyhill, many different options provide the starting point for a truly unique piece that you can design yourself.
